ABOUT ME

I am 23 years old and consider myself passionate about Computer Science.

My academic background has provided me with a solid foundation in problem-solving, programming, and project management.

Throughout my education, I have also gained proficiency in technologies such as Python, Node, PowerBI, Java, JavaScript, HTML, Docker, CSS, and Haskell, among others.

LANGUAGES

Spanish: Native

English: Advanced

English Proficiency Certificate (C1) - 2023

EXPERIENCE

Babel SI

October 2023 - Present

I currently hold the position of Full Stack Developer at Babel Information Systems, where I work remotely. In this role, I have had the opportunity to contribute to projects leveraging the latest technologies, utilizing Angular for the front-end and Java Spring Tools for the back-end.

EDUCATION

2019- Bachelor's Degree in Software Engineering
2022 University of Seville

2017- Scientific-Technological High School
2018 IES Sofia de Jerez de la Frontera

SKILLS

Angular / TypeScript

Java

Python

JavaScript

Haskell

Docker
